

Concrete Repair Technician

Vector Construction Ltd. is currently seeking an experienced Concrete Repair Technician to join our expanding team of concrete restoration specialists, administering our innovative concrete repair solutions.

A Workplace Where You Can Grow

Vector creates an environment that fosters continuous growth and learning – both professionally and personally. Our training & development, safety programs, and workplace environment create a positive family-feeling, employee-first culture, that helps us deliver the highest standard of work in the concrete restoration industry.

Key Accountabilities:

- Gain experience and knowledge of corrosion and specialty scopes of work.
- Support and foster Vector's safety program and behavior-based safety culture at all times.
- Ensure complete customer satisfaction with all phases of projects through completion.
- Safely operate necessary tools and equipment with good manual dexterity for their intended purposes.
- Willing to learn and grow as part of a team, to see projects through completion with the highest standards of safety and project delivery.
- Manage one's own time and priorities – ensuring tasks are completed in an efficient and timely manner.

Additional Duties:

- Effectively communicate with your Management Team in order to ensure smooth and safe operations at all times.
- Demonstrate upstanding character and a good attitude
- Be accountable and responsible
- Be respectful of others

Requirements:

- 1+ years related work experience
- Must be able to lift and carry 50 pounds or more
- Some weekend, evening, and/or night shift work may be required
- Ability to travel as needed to complete projects.
- CSA approved steel-toed work boots
- Ability to communicate in English, in writing and verbally
